

Recent Highlights

- Over **20,000** people have **taken part in actions** to protect wildlife
- **509 hectares** of habitat created – that's an area bigger than Buxton!
- We have grown to **18,000 members (from 14,000)**
- We were successful in our £500K **Green Recovery Challenge fund**
- We worked with the NHS on a proposal which was successful in becoming **one of 7 national DEFRA green social prescribing pilots**

NATURE RECOVERY NETWORK MEMBERS SURVEY

- Your opinions and local wildlife knowledge are valuable to us. Thank you for answering as many questions as you wish to (please skip over any you do not wish to answer).
- If there are two or more members in your household, all can submit answers on separate sheets - please copy this Survey Form.
- Your answers are confidential and will not be shared beyond the Derbyshire Wildlife Trust.
- Please use a ball pen, rather than a pencil.
- Kindly give us your email overleaf, so we can share the Survey results with you. Thank you.

PARTICIPATION WILL TAKE JUST TWO MINUTES - THANK YOU

1) How do you feel about our plan to create a Nature Recovery Network across Derbyshire

(tick as many options as you wish):

- ☐ Excited ☐ Positive
☐ Glad ☐ Neutral

Please tell us more about your personal reaction if you wish to: >>>

2) Which of these aspects of rewilding were you already aware of, before reading this letter?

- ☐ Rewilding can sometimes require a little human help
☐ Rewilding can happen with no human input, when nature is left alone
☐ Plant and animal species will quickly find new wild spaces, if they have 'green links' to help them travel
☐ Species reintroduction can play a part in the rewilding process

3) What native British species would you like to see reintroduced in Derbyshire's wild spaces?

- ☐ Red squirrels ☐ Pine martens
☐ More beavers (they are already coming to Willington Wetlands)
☐ Unsure - would like to learn more about implications of species reintroduction

Please let us know more species if you wish to: >>>

4) What kind of wildlife have you noticed recently in your garden, or the neighbourhood near your home?

- ☐ Hedgehogs ☐ Woodpeckers
☐ Foxes ☐ Orchids

Other plants, animals, birds or insects: >>>

5) Are you concerned about the decline of some of our much loved wildlife?

- ☐ Yes ☐ No
☐ Do not know enough about it yet

6) In which ways do you engage with nature?

(Tick as many options as you wish):

- ☐ Walking ☐ Gardening
☐ Running ☐ Visiting reserves
☐ Cycling

These other ways: >>>

We are unable to correspond with you about your comments - thank you for taking time to contribute.

THANK YOU. PLEASE CONTINUE OVERLEAF

How important to you is a
Green Recovery?

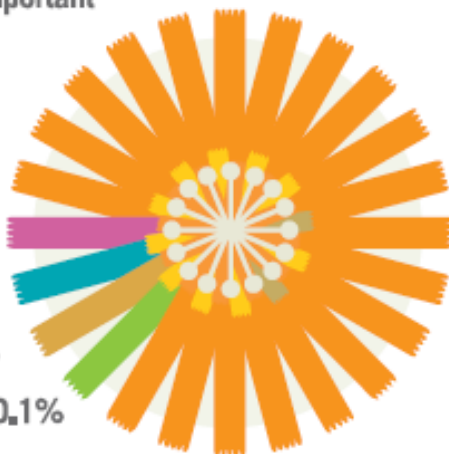

Extremely important
81%

Very important 15.2%

Somewhat important 3%

Not so important 0.7%

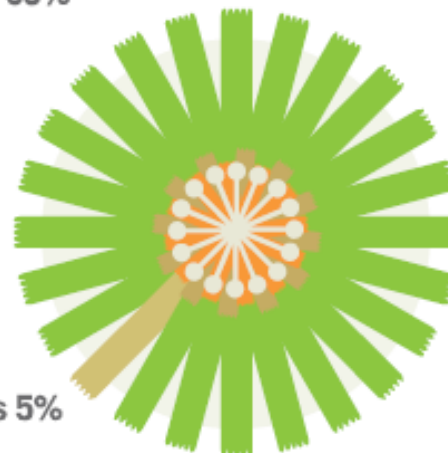

Not important at all 0.1%

Do you think the government are doing
enough to support a green recovery?

No 95%

Yes 5%

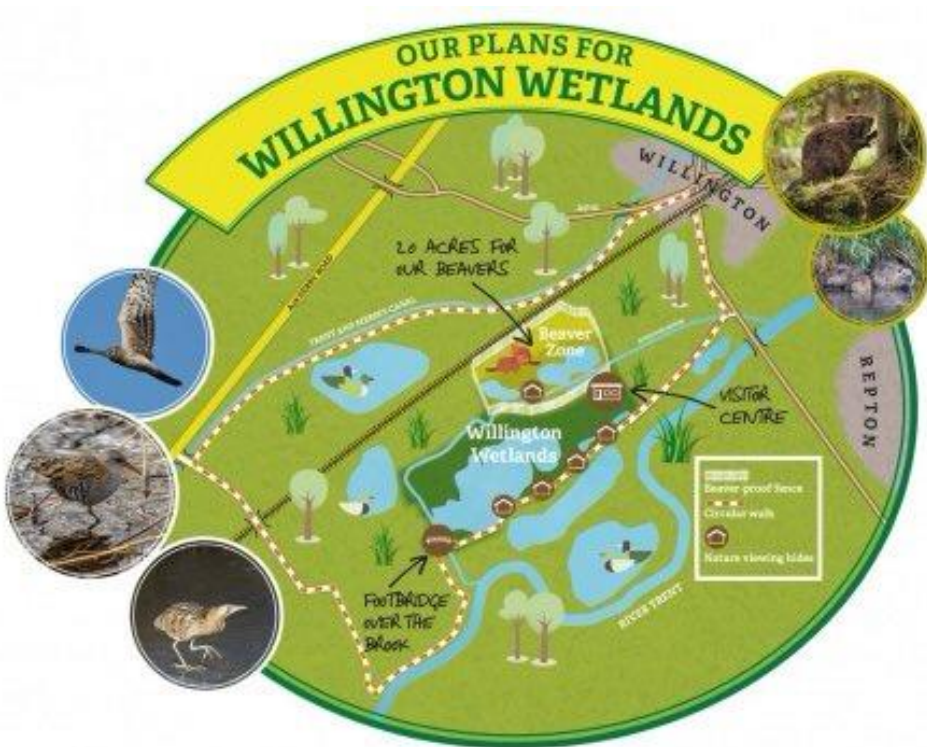

It is no surprise
to see that a
green recovery is
something that is
important to you
and we agree that
so much more can
be done

This is something
that our trust will
be focusing on.
